MEDICAL EMERGENCY

+254 719 044 777

24 hours a day · 7 days a week · 365 days a year

Get Help

For a Medical Emergency, ambulance, evacuation or hospital admission, call the 24-hour assistance line. Tell the team where you are, what has happened and the condition of the patient.

Find Care

For a hospital, clinic or doctor, call **+254 719 044 777** or dial ***202*15#** from a Kenyan mobile line. If you are staying at a hotel, the front desk can call on your behalf.

At The Facility

Present your passport and electronic policy confirmation. The facility will verify your cover and request approval. You will also receive a one-time PIN (OTP) by email to your registered address. Share this with the facility staff to confirm your identity. Emergency stabilization will be provided immediately while approval is processed.

Other ways we can help

- Pre-authorization or treatment approval: **+254 719 044 777**
- Cannot find your policy confirmation: **+254 719 044 777**
- Questions, complaints or concerns: **+254 719 044 777** or **inbound.travel@minet.co.ke**
- Suspected fraud: **+254 719 044 777**
- **Mobile App:** Inbound Travel Health Insurance App available through the Apple App Store and Google Play Store.

Service note: The programme assistance service is administered by Minet Kenya through a multilingual contact centre operating 24/7/365, including weekends and public holidays.

Prescribed medicines*

** Sub-limit within the medical expenses benefit.*

NO Excess **NO Co-payment** **NO Deductible**

Your limits are for you as an individual.

They are not shared with family members or your travelling party and are not reduced because your stay is short.

This welcome pack is a practical summary. Your policy document remains the full and final statement of your cover.

What your cover includes

Hospital and In-patient care

- Hospital treatment, nursing care, theatre charges, intensive care, high-dependency and cardiac care.
- Physician, surgeon, anesthetist and physiotherapist fees, plus specialist consultations.
- Day-care surgery where a hospital bed is used without an overnight stay.
- Tests and scans ordered before admission that lead to admission on the same day.
- Drugs, dressings and medication prescribed for use in hospital.
- Follow-up care after discharge relating to the condition for which you were admitted.
- Treatment for moderate and critical pandemic/epidemic cases as per World Health Organization severity classification.

Outpatient and other covered care

- Sudden illness and accidental injury; consultation, diagnosis and treatment at general and specialist clinics.
- Laboratory tests and imaging available in Kenya.
- Prescribed medicines within the medicines sub-limit.
- Mental illness treatment within the allocated limit.
- Emergency road or air ambulance transport to the nearest suitable hospital, subject to the policy conditions.
- Return of mortal remains to a port of entry in the home country, within the repatriation limit.

Important things to know about your cover

Not covered

- Optical and dental benefits.
- Treatment you travelled to Kenya to obtain where the need for treatment was foreseeable before travel.
- Vaccinations and medical check-ups.
- Family planning.
- Supplements and weight-loss treatment.
- Cosmetic or plastic surgery.
- The cost of donating an organ or locating a replacement organ.

Pre-existing conditions

A pre-existing condition is an illness, injury or medical condition that you had, knew about, or were receiving treatment for before travelling to Kenya.

Long-standing and pre-existing conditions are covered in an emergency only.

During a hospital stay

Non-medical extras such as telephone charges, newspapers and accommodation for family members are not covered.

If your treatment exceeds your limit

You will be required to pay for costs above the applicable benefit limit.

This guide gives you a quick overview of your cover. Please refer to your policy document for the full details, terms and conditions

How to get medical care in Kenya

When you visit an approved hospital or clinic, you do not need to pay for treatment covered by your insurance. The hospital or clinic will send the bill directly to your insurer, up to your cover limit.

Find

Find an accredited facility: call **+254 719 044 777** or dial ***202*15#** from a Kenyan mobile line.

Arrive

Go to the accredited facility and present your passport and electronic policy confirmation at reception.

Verify

The facility checks your cover on the programme portal and requests approval. For identity verification, you will receive a one-time PIN (OTP) by email to your registered address – share this PIN with the facility staff when asked."

Treatment

Before leaving, check the bill and sign it; only bills signed by you are paid.

Settlement

The facility submits the bill for settlement. You pay nothing for covered treatment up to your benefit limits.

Use accredited hospitals

For a hospital admission only use medical facilities in the accredited panel of service providers

Non-accredited hospitals

In an emergency, go to the nearest hospital able to help you. If you are admitted to a facility that is not on the accredited list, you or someone with you must call **+254 719 044 777** within 24 hours. If you pay for emergency treatment yourself, reimbursement can only be considered where the programme was notified within that 24-hour period. Keep all original bills, receipts and medical reports.

Find a healthcare provider

You can access healthcare wherever your journey takes you.

You can access approved hospitals, clinics and pharmacies in all 47 counties across Kenya. These include trusted private, government and mission health facilities that can provide quality medical care, including emergency, ambulance and specialist treatment.

Call

+254 719 044 777.

Tell the assistance team where you are and what you need.

USSD

From a Kenyan mobile line, dial ***202*15#**, select "Find a Hospital", then choose the service and county border point or nearest tourist attraction to see the list of medical service providers.

Online

The full accredited provider list is published through the Ministry of Health website, eCitizen portal and the programme administrator's website. You can also reach us via WhatsApp using the number **+254 719 044 777.**

Mobile app

Use the programme mobile app to access the medical service provider list.
In case the hospital cannot treat you: The facility will refer you to an appropriate provider and the referral will be arranged for you.

Frequently asked questions

01 Where can I get medical treatment?

You can access approved hospitals, clinics and pharmacies across all 47 counties in Kenya. Call +254 719 044 777 and the assistance team will help you find an appropriate healthcare facility near you. If you are using a Kenyan mobile number, dial *202*15# and select 'Find a Hospital.'

02 Will I have to pay at the hospital?

At an approved hospital or clinic, you don't need to pay for covered treatment. The hospital or clinic will send the bill to your insurer directly, up to your cover limit.

03 What should I take with me to the hospital?

Take your passport and electronic proof of insurance. The hospital will use these to confirm your cover. You will also receive a one-time PIN (OTP) by email to your registered address once you arrive. Share this with the hospital staff to complete identity verification.

04 What if I can't find my proof of insurance?

Call +254 719 044 777 and the assistance team will help verify your insurance.

05 What should I do in a medical emergency?

Call +254 719 044 777. The 24-hour assistance team will guide you and, where necessary, help coordinate emergency medical care or transportation.

06 What if the nearest hospital isn't on the approved list?

In an emergency, get medical help first. If the emergency results in admission to a hospital that is not on the approved network, contact the assistance team within 24 hours for guidance.

07 What if my treatment costs more than my cover?

Your insurance pays eligible medical costs up to the applicable benefit limit. If the cost is higher than that limit, you will need to pay the additional amount.

08 Still have questions?

We're here to help, 24/7.

Emergency assistance

+254 719 044 777

24 hours a day · 7 days a week · 365 days a year

In case of an emergency

- Call immediately and tell the medical team where you are, what has happened, and the patient's condition.
- The medical team coordinates the appropriate response with road and air ambulance partners and stays in contact with you and the receiving hospital.
- First responders or the hospital treating you may call the same assistance number on your behalf.

Emergency transport

The policy covers eligible road or air ambulance transport from the scene of an accident or illness to hospital, and transfer from a facility that cannot provide the required care to the nearest suitable hospital. The medical team determines whether road or air transport is appropriate. Emergency transport must be approved by the insurer, be for a life-threatening condition and lead to hospital admission.

If you are admitted

- Emergency admission: notify the programme within 24 hours. Accredited hospitals will normally do this for you.
- If your hospital stay exceeds 24 hours, a care manager will check on you, confirm your identity, liaise with your treating doctors and follow your progress until discharge.

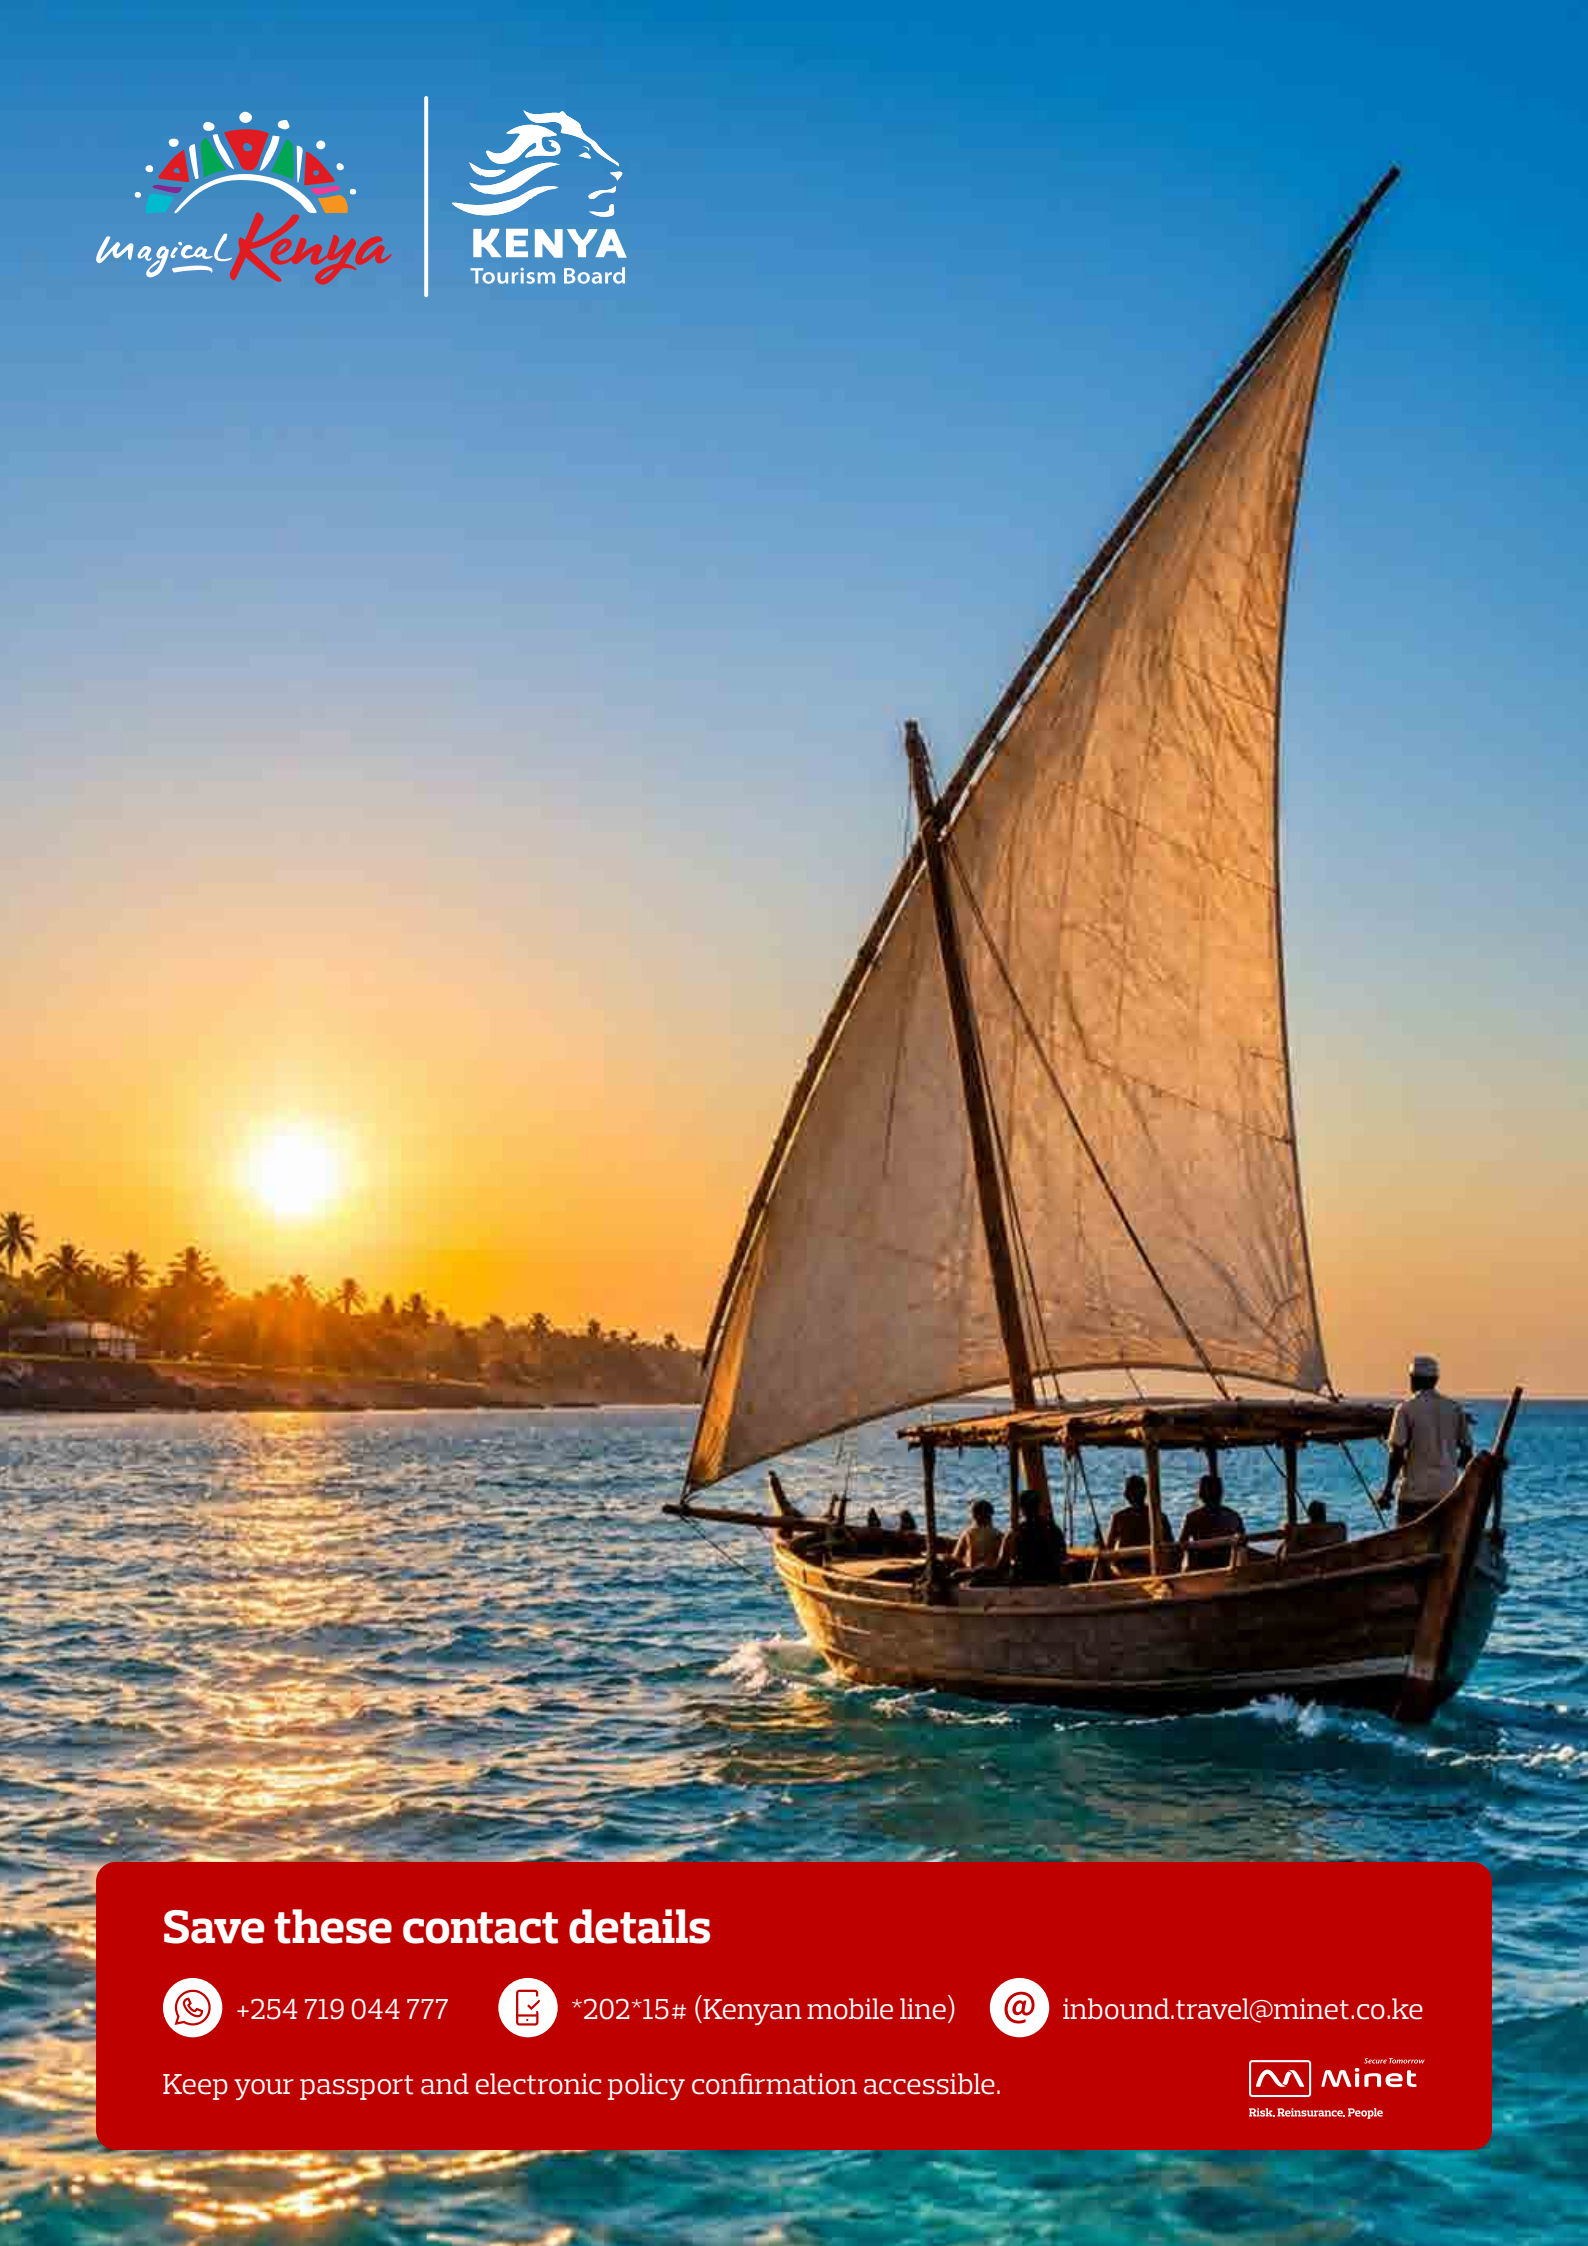

In the unfortunate event that a traveller dies

A family member, travelling companion, hospital or representative can contact our 24-hour assistance team on **+254 719 044 777**. Our team will provide support and coordinate the necessary arrangements with the family, hospital and relevant authorities, including the return of the deceased to their home country, within the policy's repatriation benefit limit.
